

A non-profit breast cancer foundation supporting research in the Pacific NW, benefiting women everywhere.

actually, we CAN...

Please help me raise funds for breast cancer research

On Sunday, May 22, 2016, I will be tossing my bra at the finish of the 4th annual Wings of Karen [5K Bra Dash](#). 100% of the race proceeds and EVERY PENNY of funds raised will go to breast cancer research in the Pacific NW. So even though I am not required to fundraise, I want to support this important work that is saving lives and helping those who need it the most. That is why I am asking my friends and family to contribute to one of the life-saving research grants being funded by Wings of Karen this year.

The path to a cure is paved through funding research. Thank you for your donation that not only supports my goals, but also our united effort to fund a cure to breast cancer through Wings of Karen.

Please make a tax-deductible donation at www.5kbradash.org and let's finish breast cancer together!

[Wings of Karen](#) is a community-based, non-profit breast cancer foundation proud to raise and direct funds to local Pacific Northwest research institutions in the battle against breast cancer. With such a wealth of internationally-renowned research centers in our own back yard, your funds will keep innovation, research, and talent local. We have a passion to end breast cancer, with an unyielding desire to reach out to all those affected by breast cancer in a positive, uplifting way, and in the process funding the research that will find a cure.

It is a race to save lives, and every day brings a new opportunity to make a connection, energize a survivor, empower a new generation, and raise the crucial funds needed.

To learn what Wings of Karen is doing in our community and the research we're funding, please follow us on the web at www.wingsofkaren.org, [facebook](#), and on twitter.
